

ALICE

ALICE

It is important for everyone to be safe at school.

**And it's important for everyone at school to be
READY to be safe!**

ALICE

There are lots of things we do to be ready to be safe:

- We look both ways before we cross the street.
- We wash our hands before we eat so our hands don't have germs on them.
- We practice safety drills at school.

ALICE

We have Fire Drills so we are ready and know what to do if there ever was a fire.

We have Lockdown Drills so we are ready and know what to do if we ever need to stay safe inside of our school.

ALICE

The way we prepare for an emergency situation is called “ALICE”:

A = ALERT

L = LOCKDOWN

I = INFORM

C = COUNTER

E = EVACUATE

ALICE

A = ALERT

A stands for ALERT.

- **ALERT means that there is an announcement that there is someone in the building or near the building who we might need to stay safe from.**
- **If there is an announcement in our school we always stop, look and listen.**

ALICE

L = LOCKDOWN

L stands for LOCKDOWN.

- **LOCKDOWN means:**
 - **We lock the outside doors and the classroom doors.**
 - **We get quiet and be sure to stay out of sight.**
 - **We don't try to hide in a closet.**
 - **We spread apart and are ready to move around.**
- ***MODIFIED LOCKDOWN means that we lock the outside doors but we can move around inside of our school.***

ALICE

I = INFORM

I stands for INFORM.

- **INFORM means that we make sure everyone knows that there is someone near or in the building who we might need to stay safe from.**

ALICE

C = COUNTER

C stands for COUNTER.

- **COUNTER means that if there is someone we need to stay safe from, we can try to make things hard for that person.**
- **We can block the door.**
- **We look for things that we can pick up and throw.**

ALICE

E = EVACUATE

E stands for EVACUATE.

- **EVACUATE** means that if there is someone we need to stay safe from, we can try to leave the building and run away.
- Running in a zigzag line is a good idea.
- Try to stay with a grown-up who works at our school.

ALICE

In an emergency:

- **an adult will tell you what to do.**
- **if there is a not an adult nearby, you need to decide what to do to be safe.**
 - **What are some options?**

ALICE

**We will all practice these ALICE actions
so we are ready to be safe if we have an emergency!**
